

## A Breakfast Event with Premier Steve Bracks

# Leading the Way to Infrastructure Renewal in Australia through Public-Private Partnerships

---

The Institute for Public-Private Partnerships of Quebec and  
The Canadian Council for Public-Private Partnerships

*present*

**Premier Steve Bracks**  
**State of Victoria, Australia**

**Thursday, April 13, 2006      7:15 a.m. - 8:45 a.m.**

**Hyatt Regency Hotel (Grande Salon)**  
**1255 rue Jeanne-Mance, Montreal, Quebec**

Not unlike Quebec, the State of Victoria found itself falling behind in infrastructure investment. And not unlike Quebec, the ability of the public sector to address the infrastructure gap was limited. Under Premier Bracks' leadership, record levels of investment in public infrastructure have occurred through public-private partnerships (PPP). When one looks to world leaders in the PPP field, the success of the State of Victoria's program stands out as being one of the best run and the most successful programs. Projects include roads, hospitals, schools, correctional facilities, the CDN\$850 million mixed-use Melbourne Waterfront and Docklands project, and most recently announced, a 5,000-seat convention centre. Over the last five years, Mr. Bracks' Labour government has invested \$8.5 billion on infrastructure, with a further projected investment of \$8.5 billion for the next four years.

The Institute for Public-Private Partnerships of Quebec and The Canadian Council for Public-Private Partnerships invite you to attend a breakfast featuring Premier Bracks in discussion about his government's successful PPP program and the type of infrastructure they have been undertaking in Australia.
